Loans and advances are carried at book value as the amount of ultimate realization cannot be determined at this date.

No provision is made for commitments under construction contracts in force at March 31, 1965. Such future construction is chargeable to appropriations in the years in which the work is actually performed.

In my opinion the statement of financial condition (balance-sheet) is properly drawn up so as to show the true financial position of the Province of British Columbia at March 31, 1965, and is in accordance with the books of the Province.

REPORT OF THE AUDITORS

The Lieutenant-Governor in Council, Province of British Columbia:

We have examined the balance-sheet of British Columbia Hydro and Power Authority (Note 1) as at March 31, 1965, and the related statement of net income for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance-sheet and the related statement of net income present fairly the combined financial position of the Authority as at March 31, 1965, and the results of its combined operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTE 3—GUARANTEE BY PROVINCE OF BRITISH COLUMBIA.—The Government of the Province of British Columbia has unconditionally guaranteed the principal and interest of the long-term debt and parity development bonds.

NOTE 4—INTEREST.—Included in interest and other costs on debt is $1,651,074 for amortization of discount and expense on long-term debt and parity development bonds, and a deduction of $1,563,007 for income received on sinking fund investments.

NOTE 5—TAXES ON INCOME.—The liability for taxes on income amounting to $3,737,587 repersents the estimated taxes payable in respect of British Columbia Electric Company Limited and its wholly owned subsidiary, British Columbia Electric Railway Company Limited. The tax returns of these companies have been assessed, but appeals have been filed against some of the assessments. Accordingly, the provision for taxes on income, while deemed adequate, is subject to change, but no adjustment will be made until all final assessments have been received and agreed.

NOTE 6—COLUMBIA RIVER TREATY.—The treaty between Canada and the United States of America relating to the co-operative development of the water resources of the Columbia River basin was ratified by both Governments on September 16, 1964. Pursuant thereto and to related documents, British Columbia Hydro and Power Authority was designated as the Canadian entity under the terms of the treaty, and the Authority is required to construct three storage dams—Duncan, Arrow, and Mica. Canada's entitlement to half the increased power generation in the United States resulting from the construction of the three dams has been sold to the Columbia Storage Power Exchange for periods of 30 years from the scheduled dates of completion of the respective dams. As a result of this sale, the Government of British Columbia received the sum of $273,291,661, and this amount was transferred to the Authority on September 16, 1964.

As the storages are completed, in accordance with the terms of the treaty, amounts aggregating $64,400,000 (United States dollars) will be receivable by the Government of British Columbia for providing flood control. If the storages are not completed so as to become fully operative within agreed dates, the Authority is liable, under certain covenants, to make compensation to the Columbia Storage Power Exchange. The Authority also has certain obligations relating to the operation and maintenance of these projects.

The accounts of the Land Settlement Board for the year ended December 31, 1964, have been examined under my direction. Assets are shown at book value, as the realizable value of unsold land and balances due to the Board cannot at the present time be determined. Arrears of mortgages, agreements for sale, overdue interest, and accounts receivable amount to $215,023.48. The amount due from the Sumas Drainage, Dyking, and Development District is subject to the provisions of the *Dyking Assessments Adjustment Act, 1947*, and the *Dyking Assessments Adjustment Act, 1962*. Except to the extent that they are modified by the provisions of the *Land Settlement and Development Act*, the above balance-sheet and relative revenue and expenditure statement are, in my opinion, properly drawn up so as to exhibit a true and fair statement of the financial position of the Board as at December 31, 1964, and the result of the operations for the year ended that date, according to the best of my information and the explanations given to me and as shown by the books of the Board.

REPORT BY BUTTAR & CHIENE, CHARTERED ACCOUNTANTS, VANCOUVER, B.C., UPON THE ACCOUNTS OF THE PACIFIC GREAT EASTERN RAILWAY COMPANY, AS AT DECEMBER 31, 1964.

We have examined the balance-sheet of the Pacific Great Eastern Railway Company as at December 31, 1964, and the statement of consolidated income for the year ended on that date and have received all the information and explanations required by us.

The statements for the current year are prepared in conformity with the Uniform Classification of Accounts prescribed by the Board of Transport Commissioners for Canada.

Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, and according to the best of our information, the explanations given to us and as shown by the books of the Company, the accompanying balance-sheet and statement of consolidated income present fairly the financial position of the Company as at December 31, 1964, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the previous year.

Vancouver, B.C., January 22, 1965.

ACTUARY'S CERTIFICATE

We certify that as at December 31, 1964, the following amounts make safe and reasonable provision for the applicable liabilities and were examined or calculated by us, based on accepted actuarial principles and factors including statistical ratios developed from past experience and the assumptions as to rates of interest, mortality and remarriage recommended or confirmed by us and adopted by the Board.

(1) Present value of payments on life or term pensions awarded to date from the Accident Fund	$93,725,419.06
(2) Present value of payments on life or term pensions awarded to date from the Silicosis Fund	5,118,959.44
(3) Present value in respect of accidents incurred to date, of all future claim costs, excluding payments on life or term pensions granted to date	28,284,524.00

BYRON STRAIGHT & CO., *Consulting Actuaries.*

AUDITOR'S CERTIFICATE

The accounts of the Workmen's Compensation Board for the year ended December 31, 1964, have been examined under my direction, and I have obtained all the information and explanations I have required.

The accompanying statement of assets and liabilities (fund balances) and the condensed statement of fund transactions are as shown by the books of the Board.

In my opinion, the accompanying statement of assets and liabilities (fund balances) and the condensed statement of fund transactions present fairly the financial condition of the Board as at December 31, 1964, and the results of its operations for the year then ended.

C. J. FERBER, C.A.,
Comptroller-General, Province of British Columbia.
